Easter Week.

The Great Daylight Store

We are showing something special in
every department this week; goods suit-
able for Easter. Our display in all lines
will be complete.

We extend a cordial invitation to every
one to come and make us a visit, and see
our new place of business and the beau-
tiful goods we have to offer. We have
no R.R. passes to offer, but something
much better—The Best Goods at Lowest
Prices. Trade is good, and increasing
all the time. We think it would be an
insult to our good home customers, to
give passes to bring customers from
other towns and crowd out our own good
people. The old saying is a true one,
"No place like home."

EVERYBODY WELCOME.

Conservative Club.

ADDRESSES BY MESSRS
MULLINS AND JACKSON.

The Conservative Club room
was comfortably filled on Friday
evening last, when two excellent
addresses were given by J. A.
Jackson, the leading young bar-
rister of Ponoka, and W. H.
Mullins, a leading farmer of that
district.

The chair was ably filled by W.
E. Payne, President of the Asso-
ciation.

Mr. Mullins spoke on the ques-
tion of Rural Mail Delivery, and
he dealt with this most important
and difficult question in a mas-
terly and lucid manner. The
last time he visited Red Deer, was
when this constituency started to
make history by nominating Geo.
F. Root as the standard bearer of
the Conservative party. He
spoke of Mr. Root as a representa-
tive man, and one that will poll
a large vote in his district of
Ponoka. He spoke of the con-
temptuous manner in which the
Liberal party as a whole referred
to the great question of Rural
Mail Delivery. They laugh at
the idea of such a thing in the
west, just as they laughed at the
construction of the C.P.R. in 1876.

The great cry to-day is "back to
the land." Within the sound of
this great west there is room for
millions. Farmers are deprived
of many privileges that if town
people were deprived of, they
would rise in rebellion. Dr. Mc-
Intyre says we do not want rural
mail delivery. Well, he differed
with him. He says to us that
the farmer does not want rural
mail delivery, but has he asked
the farmer? We do want it.
One thing he liked about Mr.
Root was that he was not a pro-
fessional politician. It was not
necessary for him to know much
about Emerson or Julius Caesar
or the Golden Rule to be a suc-
cessful candidate and represent
the intelligent farmers of this
district. He went into figures
showing conclusively that rural
mail delivery is a pronounced
success in the United States.

The Liberal Government prom-
ises us the system when Canada
has a population of twenty mil-
lion, that is if we keep them in
power up to that time, which is
very kind of them, but the peo-
ple are looking round for a more
practical government to give
them rural mail delivery at once.
The Government can help any
big railway enterprise or scheme
requiring millions of dollars, but
this rural mail delivery business
is only for old farmers to claim,
and therefore it is beneath their
notice, as they are not enti-
tled to the same privileges as
the fine town folk. Our boys
should be kept on the farm, and
we want every attraction to keep
them there. The farmer should
have every advantage in getting
his reading matter on the farm.
He contended the whole moral
tone of the people was elevated
by promoting reading by mail de-
livery. The system could
start on a small scale at first.
No reasonable man could ask the
government to run a mail out to
one settler a hundred miles away.
But it could be run in reason.
He wound up a most excellent
speech by showing that the
nation as a whole would certainly
gain all the system would cost by
the extra work done on the farm
by the settler who could stay at
home and work instead of having
to hutch up and drive to town
for his mail thereby wasting a

couple of days a week.

J. A. Jackson followed with a
rousing speech. He scored the
government on many points, and
paid a high compliment to Mr.
Root stating that he was making
friends in the north every day.
Space forbids giving a lengthy
report of Mr. Jackson's remarks,
but we hope to do so next week.
Votes of thanks were given the
speakers for their able addresses,
after which the meeting closed
with the National Anthem.

The Gun Club.

The Red Deer Gun Club had
the most enthusiastic meeting in
its history on Thursday evening
last, in Gaetz & Botsford's office.
The Captain, who is one of the
most popular sportsmen in the
west, wished to retire but the
club would not listen to it. The
following officers were elected:
Pres., Capt. Cottingham; Vice-
Pres., J. H. Menzies; Sec.-Treas.
Dr. Plaxton; Field Capt., H. H.
Drake; Executive, J. D. Ken-
nedy, A. T. Stephenson, J. F. Gaetz.
Messrs. Menzies, L. M. Gaetz and
Larson were appointed a com-
mittee to arrange for a May dance,
which will be held on Friday,
22nd of May.

Poplar Ridge.

Mr. John Jennings left on Monday
for British Columbia, where he intends
locating. His family will stay here
until he is settled there.

Mr. Whittle, of Calgary, arrived last
Friday and is finishing the house on
what is known as the Smith quarter.
We understand Mr. Whittle is working
the place for the proprietor Mr. Kale.

It seems a pity that our meetings are
so badly broken up. In this case it
seems the "ninty and nine" are look-
ing after and the one left.

Mr. Smith is giving up a social to
be held at the school house on Thurs-
day evening, the 10th. We expect all
the neighbors will turn out and help
Mr. Smith make a success.

Mr. Peter Larsen left last Wednes-
day, looking up his horses. We sin-
cerely hope he will find them.

Golden Valley.

Mr. Kall has returned on his home-
stead after six months of absence.

Mrs. Reid has received word that her
son Jack is able to be around again.

Mr. Gould and Mr. McPaul are
building a house for Mr. Busine.

Miss Maud McPaul has returned
home after a weeks visit with Mrs.
Gold and Mrs. Bradley.

One of Mr. Durbin's horses dropped
dead a few days ago.

Leslieville News.

The Martin, McDougal Co. broke up
camp last week.

Mr. Fred Hart has gone to Red Deer
for the summer.

Mr. Stewart and family have gone to
High River for a time also Master
Annis Reid.

Mr. George Reid, who had been in the
Memorial Hospital with a broken
leg, is at home doing nicely.

The rivers about here are getting
dangerous to cross. The water is flow-
ing over the ice which is liable to go
out at any time.

Mr. George Fournier leaves shortly
for town.

Mr. Jack Dunn has returned to his
homestead after being away all winter.

Indian Industrial School.

Obituary Notices.

Mr. and Mrs. T. A. Gaetz have
the sympathy of a large con-
course of friends in the loss of
their little son Raymond Perry,
who died on Sunday morning last
at 1.30 o'clock. The little sufferer
had nearly recovered from an
attack of pneumonia, when his
heart became affected and he
passed away as above stated.
The funeral on Monday afternoon
was largely attended, Rev. Mr.
Huestis conducting the services.
The remains were interred in the
Red Deer cemetery.

The little daughter of Fire Chief
Meeres and Mrs. Meeres, passed
away Saturday morning at 7
o'clock. For some time the little
one was a great sufferer with
bronchial pneumonia. The fun-
eral took place Sunday afternoon
at the Red Deer Cemetery, Rev.
Mr. Huestis officiating. Mr. and
Mrs. Meeres have had consid-
erable sickness in the family this
spring, and the sympathy of all
goes out to them in the loss of
their little one.

The Lyric.

Mr. Forbush, manager of the
Lyric, informs us that his vaude-
ville and moving picture show
will play Laconia Tuesday,
Wetaskiwin Wednesday and
Thursday, returning home Fri-
day, and will give a performance
here Friday evening, and a Sat-
urday matinee only, as the house
will be occupied by "No Mother
to Guide Her" Company, Sat-
urday April 18. Miss Gloria Dare,
who has been quite ill for past
ten days has recovered, and will
be seen in one of her specialties
at every performance, and will
give a special performance for the
ladies and children at the matinee
next Saturday.

Hadley expects spring cabbage
on Saturday.

H. H. Drake will have young
chicken, veal, and mutton for
Easter.

Sale Register.

Nobody can deny that the Laurier Government has been extravagant and wasteful beyond all parallel. Nobody can deny that that Government has exploited the public lands of the West for the enrichment of party favorites to an extent without any precedent. Nobody can deny that by the employment of middlemen in the purchase of land and departmental supplies, the public money has been grossly wasted, and the Government has thereby aided and abetted dishonesty and public robbery. Nobody can deny that the Laurier Government has made a systematic use of electoral corruption and crime for the purpose of keeping up its subservient majority in Parliament, and has used every device in its power to save its criminal fellow-workers from exposure and punishment. For such and many similar things in the record of this Government there can be no justification or excuse, but there can be punishment, and the proper punishment is defeat at the hands of the electors in the approaching general election. Let the electors make ready to do their duty, defeat this old Government for its continued offences, and put in office a new Government that will be upon its good behavior.

The Toronto News, referring to the rapid increase of the Dominion's annual expenditures to more than double the figures of twelve years ago, says:—

"Mr. Fielding has not kept his hand to the brakes. He has been a pliant instrument in the hands of the spendthrifts. He has had to draw on the Treasury so freely for the political exigencies of his own county that he has been in no position to resist the demands of the money-hunters from other constituencies. It is true that there has been increase of trade and extension of settlement, and the assumption of new obligations. But in the old lean days Conservative Governments carried on great constructive undertakings, and it is impossible to believe that with equal thrift the annual outlay needed to be doubled. Besides, with increase of trade and growth of population the revenues from railways, public works, post office and customs were improved, and thus a far more material reduction of the public debt should have been effected, or far greater results in constructive work have been accomplished."

R. L. Richardson, managing editor of the Winnipeg Tribune, was nominated as an independent Conservative candidate in East Assiniboia recently, to oppose J. L. Turfitt, the present Liberal member for the Dominion. This will be one of the most interesting fights of the coming campaign, and will be watched with great interest by the people of the west. Most square people of the west have no use for Turfitt, and they will be pleased to hear of Mr. Richardson's nomination, as he is one of the stalwarts in the arena against graft, with a clean record.

Premier Rutherford has just returned from a tour through the Province having addressed meetings at Hardisty, Claresholm, Okotoks, &c. The principal speaker at the meetings was Duncan Marshall, Manager of the Provincial Government's subsidized organ and of Ontario Election scandal notoriety. We regret exceedingly that Alberta's Premier for whom we have great respect should allow himself to be associated with the Marshall, Wagner group and exploited to bolster up the Ottawa Government whose grafting and corruption has made its name a byword in the civilized world. If Premier Rutherford wishes to retain his good clean name he should cut himself adrift from this outfit at once.—Strathcona Chronicle.

There is one class of new voter says the Strathcona Chronicle that Mr. Day and Mr. Hyndman should pool to a man. We refer to the Old country man who has come to Canada within the last decade. We could not imagine anyone, born in the islands that nestle in the North Sea, being so false to the traditions of the country of their birth as to cast a vote for a Minister like Mr. Oliver or a

benchman like Dr. McIntyre, pledged as they are to a policy, which fosters graft and corruption, which permits the most shameless pilfering of the public domain, by the political healer, and which steadfastly blocks any attempt to have the civil service made clean and independent of politics. These are voters which we defy Mr. Oliver to buy, and we certainly would not advise Wagner and Marshall to make a trial. It might have unpleasant physical consequences. Mr. Day and Mr. Hyndman standing as they do for honest government should secure the solid vote of the old country born.

A numerous delegation of officers of the two Winnipeg Liberal Associations, headed by T. H. Johnson, president of the senior Association; and C. T. Hamilton, president of the junior association, waited upon Hon. Clifford Sifton a few days ago, and asked him to take into consideration a proposition that he should permit his name to go before the Liberal convention in Winnipeg as the candidate at the forthcoming federal elections.

Mr. Sifton said the proposition was completely a new one to him, but he promised to take the matter under advisement.

It is no use Clifford hoping to again represent Brandon, and he will be turned down probably in any constituency unless it is a hive. The Winnipeg Tribune says the whole thing is a joke so far as Winnipeg is concerned, inferring he could not stand a chance there.

The Quebec elections are expected to be held at an early date. Premier Gouin has intimated to leading Liberals that it will be well to prepare for the struggle, and the elections are expected to take place some time during the month of May. The Conservatives are organizing to make an active fight for every seat in the legislature.

Asquith Sworn in as Premier.

FORMAL APPOINTMENT OF ASQUITH, MADE BY KING EDWARD AT BIARRITZ, FRANCE.

London April 8.—The vacancy in the office of prime minister of Great Britain caused by the resignation last Sunday of Sir Henry Campbell Bannerman on account of ill health was filled this morning at Biarritz, France, during the audience there between King Edward and Herbert H. Asquith, who had been summoned from London. Kind Edward will leave Biarritz April 15, in order to hold privy council in London on the 16th. The new ministers will probably have their first audience with the king on this occasion, as it is understood Mr. Asquith was able to submit a list of his main appointments to His Majesty during the audience this morning. A bulletin issued this morning regarding the condition of Sir Henry Campbell Bannerman says the former premier passed a good night, with fair sleep. He continues to suffer from weakness.

WETASKIWIN RACE MEET.

The following program and purses will be given by the Wetaskiwin Turf club, at their meet on May 25th, 1908:
2:40 trot or pace, 2 in 3 heats; purse \$200.
2:45 trot or 2:30 pace, 2 in 3 heats; purse \$200.
Free-for-all trot or pace; purse \$200.
Half mile dash, for 2 and 3 year olds; purse \$150.
Five-eighth mile dash; purse \$200.
Three-quarter mile dash; purse \$200.
One mile novelty race; \$50 a quarter.
Five per cent. entrance and 5 per cent. from winners.
At the close of the racing there will be a five mile automobile race, the first prize being \$100.

Penhold.

We understand that E. Cartmell is contemplating building a residence on his land near town this spring, where he will keep "Bachelor Hall." Why don't you follow your old partner's example Edmund?

A largely signed petition for a bank to open up at Penhold is at F. C. Newland's store. This is something that is badly needed.

Around Penhold will shortly be a network of telephone lines.

SPECIAL OFFER.

We have made arrangements with The Weekly Mail and Empire, of Toronto, one of the leading and most influential papers of Canada, by which we can offer

THE NEWS

and The Weekly Mail and Empire until January 1st, 1909, for the extraordinary nominal sum of

\$1.25

Both publications, each taken separately for the period mentioned, would cost nearly double. By accepting this offer subscribers get the two papers for a price very little in advance of the regular price of one.

The Weekly Mail and Empire is unquestionably the greatest weekly published in the Dominion, and possesses the broadest outlook on Canadian national life. It is essentially a paper for the home, and is valued alike in town and country. Its news service embraces every recognized source of information; its special correspondents are in all important centres, and over its specially leased wires it receives the happenings of the whole world, and publishes them simultaneously to the papers in all other places.

The Agricultural Section is an accepted standard authority on all matters relating to the soil and its possibilities. Contributors to this section are men eminent in the world of agricultural science.

The Magazine Section is a mine of information on all subjects pertaining to science, literature, the fine arts, society and the home, many of the articles of which are embellished with bright and instructive illustrations.

The Weekly Mail and Empire has no equal as an expositor of House of Commons and Provincial Legislature happenings. Altogether the 24 pages which comprise The Weekly Mail and Empire constitute a complete library, the regular price for which is One Dollar a year.

AUCTION MART

GAETZ AVENUE

Saturday April 18th.

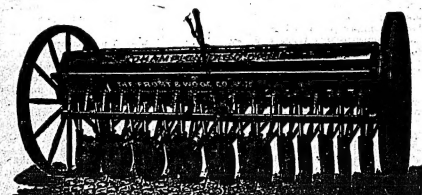

Heavy Work Horses, Driving Horses, Single Harness.

Milk Cows and Young Stock.

A variety of Household and other goods will be offered for sale.

Any party having goods for sale will do well to see us and make arrangements.

A competent Auctioneer will be in charge.

OIL BEARINGS ONCE IN 925 ACRES

Here's a test that proves the bearings of our discs in this Champion Disc Drill will be out-proof. We ran a disc surrounded by sand under heavy pressure for many hours and sawed an equivalent of 150 acres. In that time we drilled the best quality only twice. This test will prove true on every disc-drill bearing we read out. It assures economy in horse-drawn, ease and accuracy in adjustment. We have shown below a right and left view of these bearings, as well as the boxes containing the balls. This valuable feature is one peculiar to the Champion Disc Drill. The indexes tell accurately just how much you are saving; the force feed neither makes nor cracks the seeds; the rows are 6 inches apart.

IT'S EASY TO KNOW HOW MUCH YOU SOW
There's nothing pleasanter about sowing a Champion Disc Drill—it's satisfactory. You'll always be glad you put your money in it. We make a great variety of Disc, Shoe and Hoe Drills from 10 to 20 rows. Catalogues, and our "Farmer's Best" brochures are both free. Our agent will show you these machines, and courteously answer all questions.
The Frost & Wood Company, Ltd.
Smith's Falls, Canada.

Bawtinheimer & Sons, LOCAL AGENTS.

W. Springbett is Offering Big Snaps

In Sulky Plows, Gang Plows and Walking Plows, "Hero" Fanning Mills, Harrow Carts, Horse Plows and Grain Grinders.

I also have one 18-shoe Sylvester Drill and one "Empire" Cream Separator. All these goods are going to be sold this Spring if low prices will sell them. They are not out-of-date stuff, as all of them are being handled in Red Deer, where repairs can be got for them. Don't wait until the last, but come early and get your choice.

I also have one second-hand Wagon and one second-hand Demarest; these two articles are specially low-priced, and should sell quick, so come and get a snap—at Springbett & Bowley's old stand.

W. SPRINGBETT, GENERAL BLACKSMITH RED DEER.

Professional Cards \$10.00 per year. If taken by the month \$1.00 per month.

WEDNESDAY, APRIL 15th, 1908.

In another column we publish an article from the Edmonton Journal on the Ross rifle in reply to a report of Mr. Welliver's speech at the Liberal club recently in the Bulletin. Nobody took the report of the meeting here seriously, because those who were present knew it was shown there by Chief Rothe, one of the South African veterans, that the Ross rifle as it now stands, is an inferior weapon in many ways. The points spoken of by the Journal were pretty well dealt with by the Chief, not in any way from a political standpoint, but just as an old soldier. Of course that didn't come out in the report. It is a well known fact that rifleman will have nothing to do with the Ross rifle as a rule, in its present condition. Rifleman are not politicians, on the range anyway, and they always want the best. The Lee-Enfield, or Lee-Mitford is good enough for them. But perhaps the strongest point against the Ross rifle is that some of the fine points are made in the United States. In the event of war with the United States our national arm would be utterly useless and we would be powerless to help ourselves. The idea of making a rifle in Canada in preference to getting it from the mother land would never have been undertaken if it was not seen that there was room for some people to make a good haul out of the deal.

The Government apologists say that the Laurier Government has not increased the tariff rates. To some extent this is true, to some it is not true, but the important thing to note is this, that the price of goods has increased by at least one third, so that a 30 per cent. duty on the new price becomes equivalent to a 40 per cent. duty on the old price. This is one of the ways in which the taxation has been greatly increased. When the prices of goods so increased, it was the duty of the Government to have reduced the tariff rates so as to keep down the taxation. But Mr. Fielding and his friends wanted all the millions they could collect and more too. In some cases there have also been large increases in the rates, especially in the excise.

The LaCombe Globe infers Mr. Root isn't much of a farmer anyway, but if he isn't a better farmer in every way than Talbot, Clark, Simpson, Puffer and a few more of the Globe's pets—and that reminds us of a story. A Dutchman had a parrot and it talked some. A man that strolled said to him, "Yu-yu-yu p-p-p-parrot d-d-don't t-talk well." "If he no talk t-t-tether than you talk, me cut him dead head off," responded the Dutchman. Root has forgotten more about cattle, horses and general farming, than the whole bunch of Globe pets put together ever knew.

A Conservative speaker at Ottawa has called attention to the fact that during the past four years the Department of Immigration has paid \$80,000 to the Winnipeg Free Press, usually known as "Sifton's organ," and has distributed about \$800,000 among the Laurier press. Let the electors try to think what benefit the country can possibly have derived from such expenditure of public money.

One of the Winnipeg Tribune's latest cartoons depicts Hon. Frank Oliver doing the biggest stunt in history. He is sitting on top of the lid of a pot labeled "interior department" and hanging on like grim death, while he says "talk about holding down a job, I've had to sit on the lid and hold down Clifty's record."

Sir Wilfrid Laurier has been giving some intimation that the Government will hold a fifth session of this Parliament. This may be for purposes of deception as well as anything else. It is apparent something is doing. Duncan Marshall, the restles, is very active. Every Liberal member of the Provincial Government is busy addressing meetings throughout the country on behalf of the party of graft at Ottawa, and there is a most decided activity in Red Deer since Duncan Marshall and the executive of the Liberal Association met here a short time ago.

Some trouble is being experienced by Saskatchewan in the collection of revenue under the Supplementary Revenue Act. The tax is one cent per acre and the amount of land liable is 30,401,949 acres. Of this 11,424,780 acres paid the tax last year and 18,977,169 acres did not pay. The amount therefore which remains uncollected is \$189,771.69. The proceeds of the tax are used for educational purposes. The returns indicate that there is a very general feeling against the tax throughout the province and the farmers will not pay unless obliged to do so.

The anticipated aggregate amount of Canada's Customs and Excise Revenue for the fiscal year ending the 31st of last month has scarcely been reached. But for some slowing up of the Customs, the total would have reached \$75,000,000. As it is, the aggregate total is \$73,223,046, made up thus:—Customs, \$37,632,846, and Inland Revenue, \$35,590,200. In 1898, the total taxation was \$27,768,255, so that the Laurier politicians, who promised lower taxation, have increased it to more than two and a half times what it was a dozen years ago.

During the past few months it has been one of the habits of the Liberal members when corruption was pointed out in any department, to try and find something that the Conservative Government did a quarter of a century ago as extenuating circumstances. But let it be noted that in all the accusations and revelations respecting the department of Marine and Fisheries, no member of the Government has been able to point out any wrong in that department while under the administration of Sir Hilbert Tupper.

All the evil doers in the Marine Department at Ottawa are said to be wicked Tories who were left in office since the flood in 1896. But the Minister of Justice promises that Judge Cassels will go through the department and separate the Tory goats from the Liberal sheep. We will next be hearing that the mariners that sailed the northern seas on the good ship Arctic, were all wicked Tory goats and were specially selected to bamboozle the Department of Marine at Ottawa.

Few Governments are fit to be in office over one Parliamentary term, say an exchange. None can be safely left in power over two terms. The electors make a great mistake in suffering the Laurier Government to have a third term. But the date is not far off when they will be able to correct that previous mistake.

Pain can be quickly stopped. A 25 cent box of Dr. Shoep's Headache Tablets will kill any pain, everywhere, in 20 minutes! Besides they are thoroughly safe. Painful periods with women, neuralgia, etc., quickly cease after one tablet. Brown's Pharmacy.

Convention of Creamery Managers at Red Deer.

A convention of the creamery managers of the whole province was held in the Oddfellows' Hall at Red Deer, Wednesday and Thursday. The sessions were opened Tuesday afternoon by an address of welcome to the visiting delegates from the chairman, the Hon. W. T. Finlay, Minister of Agriculture.

After thanking the meeting for the honor, Mr. Finlay, in a few brief words told of the work being done by his department, and the encouraging condition of the creameries and also of the stock industry of the province. He expressed great pleasure at meeting the men who had made these industries successful, and congratulated them on the high standard which they had attained in the creamery and cheese factories. The minister also pointed out that prizes would be awarded to those present at the convention who were successful in the butter show and scoring contest. They consisted of a handsome loving cup presented by the minister himself, and a gold medal and eight silver medals for the butter makers in the government creameries scoring the highest points for the season 1907 for butter output. Ellis and Grogan, of Calgary, on behalf of C. Richardson & Co. of St. Mary's, Ontario, presented a challenge trophy to be given for the best butter on exhibition at the convention.

Mr. C. Marker, the Dairy Commissioner, then gave an address and statement of the objects of the convention. Mr. T. B. Miller, of Burnt Lake, followed with an address on the very important industry of cheese making. He expressed the opinion that the product as made in Alberta was one of the best he had ever seen, and that the prospects in this branch of the dairy industry were very bright indeed, and he anticipated that Alberta would be the best cheese making province in the whole Dominion.

A highly interesting paper by Mr. Owens, provincial sanitary engineer, was then read by Mr. Scott (Mr. Owens being absent) dealing with the subject of septic tanks for the disposal of drainage, the paper also touched on the indications of the strata, encountered in digging for water. The subjects introduced were discussed by an attentive and appreciative audience, amongst which we noticed several of the leading farmers of the district.

At the evening session Mr. Marker gave a review of the output of butter for the summer season of 1906 and 1907 for the province of Alberta as typified by the returns from the government creameries. Mr. Marker showed very graphically by means of charts, that in both years by far the largest amount of butter was made in July, the highest output being reached in the first week of July in each season, when the price was lowest, while in May and the fall when almost winter prices were being realized, a much smaller quantity of butter was made, thus showing the value of winter dairying. This led to a very interesting discussion on the question of winter feed for dairy cows in which Mr. Craig and Mr. Clark took part, advocating the farmers trying experimental fields of alfalfa, mangel, etc., and also the storing of them for winter, also taking up the growing of alfalfa as the best fodder for milk that can be grown. Meanwhile it was suggested that dairy farmers could make a very fair showing by feeding sheep out while in the milk stage.

H. S. Pearson followed by an address to the creamery managers on the best methods for running their cold storage plants successfully, which elicited several questions from the gentlemen concerned in managing this important part of the creamery equipment.

Mr. Scott gave an address showing by diagram the method of taking correct composite samples of the cream for testing. Considerable discussion followed these addresses and the meeting adjourned about 10.30 till 9 o'clock Wednesday morning.

Among those present were noticed C. Marker, provincial dairy commissioner; H. S. Pearson and G. W. Scott, instructors; H. A. Craig, superintendent of institutes and dairies; M. D. Goddard, Farmer and Ranch; F. B. Miller, Dairyman; S. C. Archibald, Ferry Bank; I. Gustafson, Leduc; W. A. Brodie, Ponoka; W. H. Morris, Wetaskiwin; S. L. Page, Lacombe; W. W. McGregor, Blackfalds; Jno. Cox, Stettler; M. L. Campbell, Earlville; T. B. Miller, Burnt Lake; Geo. A. Or, Lakeview; A. Pideron, Eganville; M. J. Beckett, Rossmore; J. J. Skellitzky, Spring Lake; M. B. Latour, Red Deer; A. H. Munro, Rimbey; W. H. Trimble, A. H. Trimble, C. A. Sharman, Red Deer.

F. B. HARRISON, Real Estate Agent, Alberni, B.C.

CHIC STYLES.

Adjustable Lace Underwear—A Gray Luncheon Gown.
In the shops there can be bought lace underweaves which need very little remodeling to make them fit the waist. The point which falls over the hand should be wired with very light wire, and a tiny rill of lace should be used as a finish. Such a pair of lace sleeves can be used with either a day or an evening gown.

Silvery gray, though rather perishable, is very fashionable for one's

A BROWN JUMPER WAIST—5083.

A pattern of this jumper may be had in seven sizes—from 32 to 44 inches bust measure. Send 10 cents to this office, giving number 5083, and the pattern will be promptly forwarded to you by mail.

house gown. And one of the prettiest of lacy underweaves was made of chiffon cloth with a skirt that trailed almost a yard in the back, while the front was fully three inches up from the floor. It was trimmed with flat bands of chiffon broadcloth and with garlands of chiffon velvet. The waist was quite tight fitting and finished with a silvery girdle. A wide silvery girdle was clasped around the waist with a silver buckle.

An especially nice jumper made after the pattern shown was of dark brown rayon, on which were hand embroidered a regular interval of about three inches dots the size of a ten cent piece. These were of a darker shade of brown and were padded to make them stand out. The skirt used for the band around the arms and neck made in color the dots and was finished on the outer edge with a narrow piping of lobster pink silk which gave the garment a touch of color.

JUDIC CHOLLET.

ATTRACTIVE TRIFLES.

Tighter Bust Line and Closer Fitting Skirts in Vogue—Hipless Effects.
The newer gowns and waists show a tighter bust line than in many years, and, as all skirts are fitted closely over the hips, underwear must be selected with care.

A Dainty Negligee—2634.

A pattern of this simple negligee may be had in six sizes—from 32 to 44 inches bust measure. Send 10 cents to this office, giving number 2634, and the pattern will be promptly forwarded to you by mail.

The negligee which will assist in securing a shapely line, or, as it is called, a hipless dress skirt.

Black velvet coats are seen with noire waistcoats and striped black and blue or navy blue skirts.

The newest sleeves for tailored frocks are arranged in deep tucks and cut in one with the coat or bodice.

Some of the smartest bows for wear with tailored skirt waists are made of wide, soft shirred ribbon tied in a small looped effect at the top, from which hang knotted ends about five inches long.

The negligee illustrated is very dainty if carried out in pale blue or pink albatross with wide bordering bands and collar of white satin silk, with cuffs of black. Wide silk braid and frays are effectively used for closing the negligee. One sees, too, hand work embroidery in self color finishing collar and cuffs and on these robes, and occasionally heavy raised embroidery designs are worked directly on the cloth.

JUDIC CHOLLET.

Seed Oats Wanted

The undersigned wants to purchase 150 bushels of seed oats, Siberian or Early Champion. For particulars apply to H. REINHOLD, Red Deer.

A Farm Snap.

Will sell a quarter section partly improved, nine miles from town. This is a snap; or will rent on shares. Look us up.
LATIMER & BOTTERILL.

VOGUE POINTS.

Marabout Sets Very Expensive and Modish—High Collure No More.
Some very striking neck pieces are to be seen this season in white and colored marabout. One of these is in the shape of an unusually broad fichu of white marabout, with a broad border of black marabout. The white portion is next the face and is much broader than the black, crossing in front at

GIN'S TUN FLOCK—3235.

A pattern of this sailor suit may be had in four sizes—from 32 to 44 inches bust measure. Send 10 cents to this office, giving number 3235, and the pattern will be promptly forwarded to you by mail.

The exaggerated high collure is no longer considered smart, the hair piled high on the head not being thought so modish as when worn much lower on the head. Now is the time when the woman with a fine profile has the advantage, for the knot of hair standing straight out at the back of the head is thought immensely smart, but the fashion is terribly trying when a perfect profile is not in evidence. The hair both in the knot and around it must be soft and loose and an natural looking as possible, never light or crinkly. The knot itself can be composed of puffs or twists of soft hair supposedly in close imitation of the Lucien collar.

The child's dress shown in the sketch is a particularly good design for wash materials. The guthers give a pretty finish to the skirt and waist. The skirt is finished with a deep hem. These tub dresses are bound to shrink. The tucks of the skirt will provide for lengthening them. These give a pretty finish and may be let out one by one as the time becomes necessary.

JUDIC CHOLLET.

FRIBBLES OF FASHION.

Stunning Bridesmaids' Frocks—One Solution of the Dress Question.
Gowns of white cotton cloth, with insets of flax line and with big white chrysanthemums, embroidered and appliqued on the bodice, the hem of the

A SMART NEGLEE—5145.

A pattern of this negligee may be had in six sizes—from 32 to 44 inches bust measure. Send 10 cents to this office, giving number 5145, and the pattern will be promptly forwarded to you by mail.

The smart negligee illustrated will be effective copied either in cotton or woolen materials. When the latter is chosen, it can be satisfactorily laundered if the material is treated before it becomes thoroughly dry. The selection of a pattern is important. Avoid frilly things, as negligees of this kind are not suitable for general wear. Besides, if very much trimmed they cannot be laundered well.

SARTORIAL NEWS.

Silken Treasures in Fashionable Favor.
A New Veil Pin and Girdle.
A woman is known by her topknot.
If it is frizzed and frozy, listless
and puffed, that tells a story. At this
moment the silken tress is on the wave
crest of favor. Indeed, why should it
not be? The hat fits the tress, or the
tress, and in order to keep the
puffy effect the comb is most fashion-
able.

A pretty gold crinkled veil pin with a
Grecian key pattern in filigree is a
novelty. Veil pins, in fact, are a nec-
essary today, although the popularity
of the veil is still waxing.

A round, high skirt late in soft
touch of plain satin was given a novel
touch by two broad streamers of bro-
cade ribbon ten or more inches wide

A MEAT HOME GOWN—2122.
A pattern of this home gown may be
had in six sizes from 32 to 42. Send 10
cents to this office, giving number (2122)
and bust measure, and it will be promptly
forwarded by mail.

That came from the top of the girde
in the back where the ends were
caught through an oval rhinestone
buckle.

A smart coat cut worn by a young
woman who is her own chauffeur
of dark red rubberized silk, with a
deep sloping yoke in front, from which
fall box pleats. There was a high
starch collar.

Chelle, dannel, cashmere and nun's
veiling are used for this home gown.
In this material nothing is prettier
than flowered organdie or dimity or
dotted veils. China silk will give bet-
ter service for general wear than any
other fabric. For a person who is in-
clined to be stout a fitted lining of a
fine quality of batiste will greatly aid
to the neat appearance of the gown.

JUDIC CHOLLET.

FASHION FEATURES.

A New Sleeve and Gash Figure Promi-
nently in the Spring Styles.
An attractive feature of spring fash-
ions is the triple sleeve. There is often
a billowy undersleeve of soft material,
usually in a contrasting color. It is a
very new and pretty idea.

From oriental motifs have been taken
the smart hip sash, knotted and hang-
ing in long ends in front, which figures
on some of the latest evening gowns.

Broad collars in some form are seen
on all the sailor suits. Both flat and
round brands have an important place

ONE'S SAILOR SUIT—3181.
A pattern of this natty little sailor suit
may be had in four sizes from 16 to 24
years. Send 10 cents to this office,
giving number (3181), and it will be
promptly forwarded to you by mail.
as trimmings. Plain colored lines
and duck, trimmed with white brat,
stitched to the material in straight
line and tucked designs is effective.
The broad collar and cuffs are also a
feature of this style of frock. The
small girl's sailor suit shows here is
of golden brown linen. It may be
worn with a white linen collar, belt and
shield. A blue linen dress would look
well made entirely from the material,
with the collar, belt, cuffs and bottom
of the skirt finished with soutache.

Board of Trade.

The regular meeting of the
Board of Trade was held on
Thursday evening last week.
Owing to the fact that there was
a council, gun club and other
meetings, there was not so large
a turn out as usual.

Among those present were: R.
C. Brumpton, chairman; M. A.
Munro, secretary; Hill, Helliwell,
Welliver, G. W. Smith, H. W.
Welliver, J. H. Collins, George
Staples & Co. were added to
the membership list.

W. W. Doyle, Medicine Hat,
wrote to see if a \$50,000 joint
stock company could be formed
in Red Deer to establish a pack-
ing house. The Board did not see
its way clear to take any action
in the matter.

Messrs. Brumpton, R. L. Gaetz
and Botterill were appointed a
committee from the Board to co-
operate with committees from
other associations in preparing a
Red Deer exhibit at Calgary.
Secretary Richardson has written,
saying a space of 14x20 had been
allotted to Red Deer. The Board
will accept the space.

The Saskatchewan Grain Grow-
ers' Association asked for the
support of the Board for govern-
ment ownership and operation of
grain storage facilities. The Ex-
ecutive will deal with it.

An advertising scheme for
pamphlets for the Calgary Fair
was presented by Mr. R. G. G.
Edmonton, and was referred to
the joint committees.

The meeting commented very
strongly on the condition of the
main streets, and a strong resolu-
tion was adopted urging upon
the council to have the streets
fixed up. It read:

Moved by R. B. Welliver, seconded
by H. W. Clarke, that
whereas Ross ave., one of the
main business streets of Red
Deer, and the street which first
meets the gaze of the transient
public, is in a disgraceful con-
dition with surface water it is
therefore resolved that this Board
respectfully petition the Town
Council to find ways and means
at their earliest convenience to
have said street properly drained
and arranged, so that it will be
impossible for water to lodge or
remain on the surface any length
of time. We believe that this
work should be given the most
urgent attention for the condition
of our main streets reflect in no
small degree on the personnel
of our municipal government.

"Ticking or dry Coughs will
quickly loosen when using Dr.
Shoop's Cough Cure. And it is so
thoroughly harmless that Dr.
Shoop tells mothers to use nothing
else, even for very young babies.
The wholesome green leaves and
tender stems of a lung healing
mountainous shrub give the curative
properties to Dr. Shoop's
Cough Cure. It calms the cough
and heals the sensitive bronchial
membranes. No opium, no chloro-
form, nothing harsh used to injure
or suppress. Demand Dr. Shoop's.
Take no other.

S. W. Paisley - Auctioneer.

Council Meeting.

The regular meeting of the Town
Council was held on Thursday evening
last, Mayor Gaetz in the chair.
Councillors Botterill, Stephenson,
Tallman, Pidgeon and McKee in at-
tendance.

John Stewart, commissioner of irri-
gation, Calgary, wrote that it will be
necessary for the town to secure title
for land at intake before giving full
privileges of water supply.

J. H. O'Neill wrote enquiring chance
of selling two car loads of 2-year-old
steers.

Dr. McIntyre wrote stating that he
would lay the question of establishing
a meteorological station at Red Deer
before the Minister. He would also
prepare a report of the Hydro Electric
Commission for the municipality.

Green and Payne wrote regarding
final passing of Red Deer Bill.

Two gentlemen wrote enquiring in-
formation regarding audit required.
One from Edmonton and the other
from Calgary.

Father H. Voisin wrote the Council
stating he had got 4000 pamphlets
printed in France and widely circu-
lated in that country on the Red Deer
district. He reported giving numerous
lectures and having secured a number
of emigrants to come to this district.
He felt sure he had made a good im-
pression. His account for \$44 for
said pamphlets was ordered to be paid
on motion of Councillor Stephenson.

Mr. Parks wrote asking for payment
of putting up a small addition to the
ware house within the fire limits.

Councillor Stephenson moved, seconded
by Councillor Tallman that the
application of Mr. Parks to erect lean-
to to present building be granted pro-
vided he put a fire proof roof on and
sheet the lean-to with metal. Carried.

Some discussion took place with re-
gard to appointing a scavenger. The
matter was laid over to next meeting.

Petitions were received for side-
walks in East Avenue and Alexandra
street.

Referred to the commissioners to re-
port thereon.

COMMISSIONER'S REPORT.
Council went into committee of the
whole on the report.

Solicitors were instructed to
prepare by-laws respecting local
improvements, amendments to
health by-law, exemption of
museums from taxation, also levying
of frontage rate and property
taxation on sewers already con-
structed. The matter of Paradise
and Thorold account was also re-
ferred to solicitors asking for ad-
vice as to when the amount of
\$344 due them was payable, as
certain assignments had been
made of portions of the amount
and garnishees had been attach-
ed. On advice of solicitors we
issued cheques to Greene and
Payne re Imperial Bank garnis-
hees for \$80.25 and Hugh Ham-
my \$250, the balance is still un-
paid pending the further consid-
eration of the solicitors. The
matter of the land for the 16th
Light Horse Ammunition was also
referred to the solicitors.

They discussed probable cost
of extension of sewers with Mr.
Neville. Generally speaking the
engineering charges would be a
total of 8 per cent on sewers and
5 per cent on water works, for
work done, and 2 1-2 for plans
and specifications of work not
done by him. They recommended
that the work to be done
should be arranged for at once.

We think that the sewer from the
creamery along Douglas street and
such other sewers as are required
as local improvements should be
undertaken as soon as debentures
for same can be sold at an equiv-
alent to 6 per cent or better.

They wanted the Council to
adjourn the policy regarding ex-
tension of water works for a year.

They advised moving band-
stand Town Park.

They desired instruction re-
garding care of Town Park this
year.

They recommended that the
Town team be kept busy drawing
gravel.

They recommend catch basin
for surface water. This work will
be taken up at once.

They hope to submit estimates
soon.

Mr. Moffitt will be taken off
night duty but be put in charge
of his own department.

There has as yet been no applica-
tions submitted for position of
auditor, though, as the time will
not expire until the 15th, in
which these men are to be received,
there may yet be some. Not-
withstanding this, with the advice
of your Committee on Execu-
tive Finance, we have no com-
pleted arrangements with Mr.
Blyth of Edmonton, for a special
audit of our books and accounts
covering the period dating from
the 1st January, 1906 to date. Mr.
Blyth is also to furnish a report
on our system of recording and
accounting, with such recom-
mendations as he finds necessary
to place our system on an up-to-
date basis. The charge of Mr.
Blyth will be at the rate of \$17.50
per day and travelling expenses
for himself and competent assist-
ant.

In view of the fact that the
Sec. Treas. is bonded in the
sum of \$1,000 which is the ar-
rangement made at the date of
incorporation, and as the business
has been increased many fold
since that time, it is recommended
with the advice of the Committee

on Executive and Finance that
the bond of the Sec. Treas. be
raised to \$5,000 and the assistant
be bonded in the sum of \$1,000.

A complete list of delinquents
from tax roll and water rate re-
cords have been ordered to be
made out. Statement of receipts
and disbursements submitted.

We find a great deal of incon-
venience is being occasioned by
the fact that a number of mer-
chants have awnings over the
sidewalk in front of their build-
ings, which are not high enough
from the walk, we recommend
the preparations of a by-law
stipulating that no awning shall
be placed over the sidewalks that
leaves less than seven feet clear
from the sidewalk to the curtain
or flap of the awning.

They recommended that a by-
law be passed licensing, regulat-
ing and controlling transient
traders under Red Deer Bill.

Recommend purchase of Muni-
cipal Journal.

Recommended plans and re-
cords of municipal work be kept
in suitable form.

They reported the fireman do
not ask or claim any money
promised in case of loss by the
Fire Brigade in running rink
past season.

Report one of Town horses
sick but now recovered.

Reported leaking of sewer pipe
in two places, owing to settling
of earth, on school property and
in front of Councillor Gaetz resi-
dence. Both repaired.

One case of infectious disease
for March reported, viz : measles.
The only case this year. Two
arrests reported last two weeks,
both dealt with. One sedition
without license taken in charge
and allowed to leave town.

Councillor McKee thought a
sidewalk ought to go down on
Nanton Avenue from Stewart
to Douglas Street. They have
asked for two years back. It was
badly needed for children going
to school. A sidewalk should
also go down to the new school
from Stewart Street, though it
was not opened.

The Mayor thought the School
Board were contemplating doing
something in the matter of walks.
Councillor Botterill thought
they should put down the side-
walks now when they were need-
ed rather than later.

Councillor McKee was opposed
to sidewalks going down in the
Spring, and the by-laws sub-
mitted to the council.

By-laws were put through ex-
empting the contents of Dr.
George's museum from taxation
for 1907; giving greater powers
to the Board of Health; and pro-
viding for local improvement
assessments, etc.

Councillor Botterill brought up
the matter of having an electric
fire alarm gong in the Fire Hall.
This was a matter of great im-
portance as sometimes there was
no one in the Fire Hall. He also
advocated having a gong at the
power house.

The Commissioners will look
into the matter.

Council adjourned.

Girl Wanted.

By Mrs. H. H. Gaetz. Only an ex-
perienced and capable person need
apply. Good wages.

For Sale.

New Melotte Separator for sale, No.
1, used only two weeks, will sell right.
J. C. BEAUMONT, two miles south west
of Red Deer.

Wanted.

Good, general Servant wanted.
Apply to MRS. J. F. GAETZ, Park
Street.

Estray.

Came to the premises of J. McCallum
last September, one white heifer,
branded like 25 off shoulder. One
black steer, dehorned, no visible brand.
Owner can have same by paying ex-
penses and proving property. N. E.
4-37-20. 3-10-X.

Agents Wanted.

10 x 20 crayon portraits 40 cents,
frames 10 cents and up, sheet pictures
one cent each. You make a 400 per
cent profit, or \$30 per week. Cata-
logue and samples free.

THREE WINNERS

The Winnipeg Weekly Telegram,
The Family Herald and
Weekly Star,
The Red Deer News,

All For
\$2.00

A Combination that Thoroughly
Covers the Wants of Every
Reader.

In offering these three prominent
weeklies for Two Dollars our readers
have an opportunity to secure the
greatest value ever known in the news-
paper world. No one paper could
meet the needs of all classes as does
this specially arranged combination.

In The Winnipeg Telegram you have
a family journal that weekly records
the events of interest throughout the
entire west. It has in connection the
only colored comic section published
by any weekly newspaper in Canada,
a feature that amuses and entertains
everybody.

The Family Herald and Weekly Star
is the world's best newspaper, magazine
and cultural journal combined with
numerous special departments.

The News provides all the local news
of this district which is of interest to
all.

A Reader Aims His Views on Red Deer.

SOME THINGS FOR CITI-
ZENS TO THINK ABOUT.

To the Editor of The News.

Sir:—One hesitates in offering
criticism on any of our western
towns for fear of being at once
outclassed with those who begone
so commonly and expressively
known as knuckers, yet in face of
such danger, and though I may
be guilty of treading where even
angels might have feared to tread,
I would take the liberty of a little
friendly criticism on this beautiful
little town of Red Deer.

That Red Deer has a location
for beauty second to none in Al-
berta, is a long way from saying
too much as a matter, and as to
its location and natural facili-
ties it holds within its reach
opportunities for future advance-
ment equal, if not superior to
those enjoyed by any other town
outside of Edmonton and Calgary
is also equally true.

In spite, however, of all this,
Red Deer is in danger of a stand
still, and a serious stand still, un-
less it's wide awake business men
are ready to meet the challenge
of development that the future
of the town offers.

There are within the town al-
ready several industries of con-
siderable local interest, capable
of development and worthy con-
siderable consideration, and yet
on the whole if one can believe
all one hears, these industries
are receiving little or no encour-
agement from the community as
a whole, and no inducements
whatever from the corporation.

We have a flour mill which it
would pay to run even at a loss
for some years until the farmers
could supply the full require-
ments.

A cash and door factory with
one of the best equipments of the
west, needing only to be carried
over the present low condition of
affairs to become an industry in
the town of considerable value
and wealth.

There is a laundry which is
money all the way from Olds to
Wetaskiwin, and I understand the
best recognition given this in-
stitution in its infancy was a
special tax of \$25.00 per year, and
an order to be more particular
with it's a little solid bit of
John Bull here in the Red Deer
Iron Works, who, after paying
\$75.00 per lot for two lots, and
placing his building and equip-
ment thereon, was rewarded for
his push by having his land
assessed at \$225.00 per lot and
taxes levied accordingly, not-
withstanding the town of Weta-
skiwin offered this gentleman a fine
site and tax exemptions for seven
years if he would locate in that
town.

This foundry is bringing money
into Red Deer from 60 to 75 miles
away, and in the face of little or
no encouragement is building up
a trade of considerable value.

I am even told that this latter
institution is not even recognized
by the traders of the town to a
sufficient extent to secure a trade
article on any article he may
have to buy, but pays the same
rate as any one else would have
to do.

We have a city on our Atlantic
coast that boasts of one of the
finest harbors in the world. Yet
that city has made practically no
progress in the last twenty-five
years, and the reason of it is, it
has been depending on the Gov-
ernment or some other party for
aid, and it has learned and is
still learning to do for themselves.
When new industries were pro-
posed these little towns wanted
them, and got them, while the
other went on with its Rip Van
Winkle sleep.

Red Deer has opportunities, it
has coal within easy reach, and
perhaps even nearer if it were
looked for, it has water at its door,
and it has a location touching
both north and south, which
should give it almost entire con-
trol.

With the works I have men-
tioned, together with the brick yards
and saw mill, if Red Deer busi-
ness men would get into these
things, help them tide the early
hours of difficulty, make their in-
terests equal to their own, they
would surely be casting bread
upon the waters, which would be
bound to return, and return more
than a hundred fold.

The real estate bubble has had
its day, and it is up to the people
of the west and of Red Deer to
settle down to a more definite and
sure method of getting rich, in-
stead of the uncertain method of
speculating in real estate, which
is being recognized as having
done more harm than can be
imagined in many years to come,
and this more definite and sure
method is surely to be found in
the encouragement of the present,
and the establishment of new
industries in our midst.

A FRIENDLY KNOCKER.

The Ross Rifle.

Edmonton Journal.

Down in Red Deer the other
evening a gentleman named
Welliver undertook to deliver a
lecture on the Ross Rifle and the
Bulletin calls an "able and en-
lightening" address on the
Ross Rifle and the Governments
connection therewith.

In the first place let it be said
that it is most reputable thing
that this thing should have found
its way into political strife and
discussion. Throughout the
length and breadth of the Domini-
on at the present moment political
partisans who don't know one
end of a rifle from the other, are
lauding or damning the Ross
Rifle according as they view the
matter through party colored
spectacles.

A gentleman down in Texas
once said that a man might never
need a revolver in the country, still
if ever he did, he would need it
mightily badly, and that ought to be
the attitude of thinking Canadians
towards this question. We may never
need to seriously use the Ross
Rifle seriously or any other rifle,
but if we ever do, we will need
the best rifle obtainable. We
will need it badly, and the man
who knowingly places an inferior
or defective arm in the hands of
the country's defenders, deserve
condign punishment, whether
their motives were honest or not.

A gentleman down in Ontario
said that a man might never
need a revolver in the country, still
if ever he did, he would need it
mightily badly, and that ought to be
the attitude of thinking Canadians
towards this question. We may never
need to seriously use the Ross
Rifle seriously or any other rifle,
but if we ever do, we will need
the best rifle obtainable. We
will need it badly, and the man
who knowingly places an inferior
or defective arm in the hands of
the country's defenders, deserve
condign punishment, whether
their motives were honest or not.

The great question is: "Is
the Ross Rifle a suitable, effective
and modern military arm, or
is it not?"

Bear in mind that a good tar-
get rifle may not fill the bill for
military purposes. The Ross
rifles have had a trial in the
nearest conditions to active re-
sistance which prevail in Canada,
to wit, service in the R.N.W.M.P.
What was the verdict of the police?

Firstly—The sighting was too
delicate for a military arm, rough
handling rendered it almost im-
possible to use, and a rifle ceases to
be a weapon of precision when
sight goes wrong.

Secondly—Every discharge of the
rifle shocked the wind-bag out
of place.

Thirdly—The extractor fre-
quently refused to extract the
exploded shell, and it had to be
dug out with a knife or the barrel
cleaned with a ramrod.

Fourthly—The magazine fre-
quently jammed in rapid fire,
and rapid fire is one of the neces-
sary features of a modern mag-
azine military rifle.

Fifthly—The firing pin is not
secured in the way from break and
the action is withdrawn for any pur-
pose, the firing pin will fall out.
This might often happen without
meeting the soldiers eye and his
rifle would be useless as a result.

For these and other reasons
the Ross rifle was given up by
the R.N.W.M.P., and they are
at the present moment armed
with an assortment of Lee-Met-
ford and Winchester carbines.

Edmonton and Strathcona each
had representatives at the Domini-
on Rifle Association meet, who
covered themselves with glory.
They might have used the Ross
rifle, but they didn't. They used
the Lee-Enfield. The peniten-
tiary squads of Edmonton are
armed with the Ross carbine.

The men who know most about
the firearm carry the rifle loaded
and cocked with the safety on, and
do great things for it. There are
in that same province seven or
eight smaller towns that are to-
day head and shoulders ahead of
the larger one in industrial activi-
ty and progress, and the reason
is the people have learned and are
still learning to do for themselves.

When new industries were pro-
posed these little towns wanted
them, and got them, while the
other went on with its Rip Van
Winkle sleep.

Red Deer has opportunities, it
has coal within easy reach, and
perhaps even nearer if it were
looked for, it has water at its door,
and it has a location touching
both north and south, which
should give it almost entire con-
trol.

With the works I have men-
tioned, together with the brick yards
and saw mill, if Red Deer busi-
ness men would get into these
things, help them tide the early
hours of difficulty, make their in-
terests equal to their own, they
would surely be casting bread
upon the waters, which would be
bound to return, and return more
than a hundred fold.

The real estate bubble has had
its day, and it is up to the people
of the west and of Red Deer to
settle down to a more definite and
sure method of getting rich, in-
stead of the uncertain method of
speculating in real estate, which
is being recognized as having
done more harm than can be
imagined in many years to come,
and this more definite and sure
method is surely to be found in
the encouragement of the present,
and the establishment of new
industries in our midst.

A FRIENDLY KNOCKER.

this be on the men who had to
carry this gun into battle? What
a terrible responsibility is laid
upon the men who are responsible
for this state of affairs? It is to
be hoped that before an emer-
gency arises these rifles will be
replaced by a weapon which will
be all that it ought to be and to
quote Sir Wilfred: "Pray
Heaven we be not too late."

Many Will Be Helped By It.

To relieve the worst forms of
Rheumatism, take a teaspoonful
of the following mixture after
each meal and at bedtime:

Fluid Extract Dandelion, one-
half ounce; Compound Sargol,
one ounce; Compound Yarrow,
one ounce; Compound Sarsaparilla,
three ounces.

These harmless ingredients can
be obtained from our home drug-
gists, and are easily mixed by
shaking them well in a bottle.
Relief is generally felt from the
first few doses.

This prescription, states a well-
known authority in a Cleveland
morning paper, forces the ob-
liging, inactive kidneys to filter
and strain from the blood the
poisonous waste matter and uric
acid, which causes Rheumatism.

As Rheumatism is not only the
most painful and torturing dis-
ease, but dangerous to life, this
simple recipe will no doubt be
greatly valued by many sufferers
here at home, who should at once
prepare the mixture to get this
relief.

It is said that a person who
would take this prescription regu-
larly, a dose or two daily, or
even a few times a week, would
never have serious Kidney or
Urinary disorders or Rheuma-
tism.

Out this out and preserve it;
Good Rheumatism prescriptions
which really relieve are scarce,
indeed, and when you need it, you
want it badly. Our druggists here
say they will either supply these
ingredients, or make the mixture
ready to take, if any of our read-
ers so prefer.

ALBERTA FAIR DATES.

At the closing session of the Alberta
Agricultural Fairs Association, last
week the following dates were
arranged for the different fairs
throughout the province.

Edmonton—June 23-July 2.
Okotoks—July 10.
Banff—July 10-14.
Wetaskiwin—July 14-15.
Red Deer—July 15, 16, 17.
Fort Saskatchewan—July 18-19.
Macleod—August 5, 6, 7.
Lethbridge—August 11, 12, 13.
Leduc—September 15.
Olds—September 15.
Didsbury—September 17.
Hayman—September 18, 19.
Magrath—September 17, 18.
Irwin—September 22.
Helm—September 22, 23, 24.
Cardston—September 24, 25.
High River—September 28, 29.
Pincher Creek—September 30.
Nanton—October 1, 2.
Pridmore—October 1, 2.
Vermilion—October 8, 9.
Viking—October 13, 14.
Stettin—October 14, 15.
St. Albert—Sept. 30-October 1.
Stettin—October 1, 2.
Stettin—October 5, 6, 7.
Ponoka—October 7, 8.
Edmonton—October 6, 7, 8.
Leduc—October 8, 9.
Innisfree—October 8, 9.

Remember that when the Stomach
nerves fail or weaken, Dyspepsia
or indigestion must always
follow. But strengthen these same
weak inside nerves with Dr.
Shoop's Restorative, and then see
how quickly health will again re-
turn. Weak Heart and Kidney
nerves can also be strengthened
with the Restorative, where Heart
pains, palpitation, or Kidney
weakness is found. Don't drug
the Stomach, nor stimulate the
Heart or Kidneys. That is wrong.
Go to the cause of these ailments.
Strengthen these weak inside
nerves with Dr. Shoop's Restor-
ative and get well. A simple,
single test will surely tell. Brown's
Pharmacy.

NEW AUCTIONEER.

H. CARY, Live Stock Auctioneer.
25 Years' experience. Farm Sales a
specialty. 2 1/2 per cent for first \$1,000;
1 per cent for all over that amount.
Any sale amounting to \$3,000 will be
made for 1 per cent straight. A por-
tion of your patronage most respect-
fully solicited. Clerk furnished when
desired.—Box 432, Red Deer, Alta.

Trunks brought and taken from
depot.
ICE—Pure, Clean delivered
daily in quantities to suit buyer.
J. WOOD, PROP.
PHONE 67.

\$100.00 paid by Dr. Shoop for
any case of Grippa or acute Cold
that a 25 cent box of Preventives
will not break. How is this for an
offer? The Doctor's supreme con-
fidence in these Little Candy Cold
Cure Tablets—Preventives—is cer-
tainly complete. It's \$100 against
25 cents—pretty big odds. And
Preventives, remember, contain no
quinine, no laxative, nothing
harsh nor sickening. Pneumonia
would never appear if early cured.
Always broken. Safe and
sure for feverish children. 48
Preventives 25c. Brown's Phar-
macy.

Post Office Guide.

Doors open from 8 a.m. to 9 p.m.
General Delivery Wicket open
from 8 a.m. to 7 p.m.
Money Order Wicket open from
9 a.m. to 6 p.m.

Mails are due to arrive as follows:
From South, 11.55 a.m. daily.
From North, 13.07 p.m. daily.
From Hillsdown—11 a.m. Sat-
urdays.

From Evans, Eekville, Burnt
Lake, Sylvan Lake, Leslieville
and Solihima—at 4.30 p.m. Mon-
days, Wednesdays and Fridays.
Mails for despatch are closed as
follows:

Going North, 11.25 a.m. daily.
South, 12.30 a.m. except
Sundays.
For Hillsdown, 1 p.m. Saturday
For Evans, etc., at 7 p.m. Mon-
days, Wednesdays and Fridays.
Sundays, the doors are open
from 11 a.m. to 3 p.m.

PAIN

Pain in the head—pain anywhere, has its cause
in congestion, pain is blood pressure—making
the matter. At last, to say Dr. Shoop's
Headache Tablets—these
cause blood pressure away from pain centers.
It's effective, pleasant, delightful. Finally,
though rarely, it surely equalizes the blood cir-
culation.
If you have a headache, it's blood pressure.
If it's painful periods with women, same cause.
If you are sleepless, restless, nervous, it's blood
congestion—blood pressure. That's clear! It's
certainly, for Dr. Shoop's Headache Tablets stop
it in 20 minutes, and the tablets simply dis-
turb the unnatural blood pressure.
Bristle your finger and don't let it get red, and
well, and pain you! Of course it does, it's con-
gestion—blood pressure. You feel it when pain
always. It's simply Common Sense.
We sell at 25 cents and cheerfully recommend

Day or Night.

Local and General

"Wizzie" is in town.

H. H. Drake carries a full line of vegetables.

Easter waists in great variety at Hill, Murphy & Co's.

The post-office wicket will be open on Good Friday from 11.15 to 1.15 o'clock.

Hadley will have a fresh supply of salmon, halibut and ood by express, on Thursday.

We have the smartest selection of souvenir jewellery that would make very nice Easter gifts. H.J. Snell, Jeweller.

Bawlinheimer & Son have just received a car load of Gray & Son carriages. Take a look at them before purchasing elsewhere.

For style, fit and workmanship, "Miladi" skirts take the lead. Special Easter values this week.—Hill, Murphy & Co's.

The regular monthly meeting of the Alberta Natural History Society will be held at Miss Cole's Tuesday evening, 21st April, 8 p.m.

Mrs. Joseph Cole and Miss Cole left yesterday for Stettler to attend the wedding of M. B. South, hardware merchant of that town. Mr. South is a nephew of Mrs. Cole.

The annual meeting of the Ladies' Guild of St. Luke's will be held in the vestry on Wednesday, the 22nd of April at 7.30 p.m. All members are requested to be present.

Miss Mary J. Cowell, who has been living in the East, arrived in Red Deer a short time ago, and will make her home here in future with her parents, Mr. and Mrs. J. R. Cowell.

"Should woman vote" will be the subject at the men's mass meeting next Sunday afternoon, 4 p.m., at the Baptist church. Seats will be reserved for ladies, who are cordially invited to this meeting.

Captain Cottingham, Dominion Land Agent, was up to Ponoka last week on government business. He sold a section of land which will be used as a site for the lunatic asylum which will be located there.

Gordon Armstrong has sold his residence on Douglas St. to Niel Raney who is engaged with Latimer & Botterill. Price was about \$2,800. Mr. and Mrs. Armstrong leave about the 1st of May for some point probably on the N.E.R.

Mr. and Mrs. Gordon Armstrong, who are leaving town shortly, wish to intimate to the general public that they will dispose of some of their household furniture by private sale at their residence, Douglas Street, between now and first of May.

On Good Friday there will be a service with sermon in St. Luke's church at 11 a.m. At 8 p.m. the choir will render Stainer's Sacred Cantata "The Crucifixion." On Easter Day holy communion will be administered at 8 and 11 a.m.

All draught or checker players wishing to contest for the championship of Red Deer are requested to notify Mr. McLean, principal of Red Deer school. The contest will begin in a couple of weeks when all applications must be in.

Football enthusiasts get through some important business at the meeting last Saturday evening and the Red Deer Football Club of 1908 promises well, for already it has over 60 members. The President emphatically declared that his club was for Canadians as much as English. He wanted to see a truly representative team in our town, best players only to be on the team.

Proper Appliances for Eye Examination

Are as necessary to an optician, as are proper instruments to a surgeon. No successful work can be done without them. Our optician Mr. Gaetz, not only has the latest and best instruments but is an expert in the use of them. Consult him and he will advise you conscientiously. He will only prescribe and fit glasses where he finds them necessary.

His experience and successes for the past 15 years will justify your confidence.

The Gaetz-Cornett Drug & Book Co., Ltd.

Don't miss the opportunity to buy some cheap goods at Quimette & Wright's auction sale at R. C. Brumpton's old stand on Saturday afternoon and evening.

Secretaries of football clubs intending to enter the League for the "Snell Challenge Shield" are requested to send representative to first meeting to form rules, etc., on April 27th, at 8 p.m. to be held at Red Deer, and communicate at once with R. P. Graham, secretary.

Last evening Stainer's "Crucifixion" was rendered in St. Luke's church by a full choir perfectly. The solos and duets were marvelously well taken by the members, showing marked training, and fine conception of the different portions of this most beautiful selection. The choir and musicians assisting are to be congratulated on the result. It will be again rendered on Good Friday evening at 8 o'clock.

The opera entitled the "Flower Queen" to be given by the girls of St. Luke's Sunday School, will be held in the Lyric Theatre, Tuesday, April 28th. There will be some thirty-five performers, all personating flowers, which will make the entertainment most attractive. The teachers have had the children in training for some time and no trouble to being spared to make the opera a success.

Quimette & Wright have bought a general store business in Southern Alberta. Their stock here consists of \$10,000 worth of general dry goods, clothing, hats and caps, boots and shoes, and crockery. Before removing it is desired that this stock should be reduced one half. To effect a reduction in the shortest time possible, the firm have decided to hold an auction sale on Saturday next, afternoon and evening, 2 p.m. to 7.30 in the premises lately occupied by R. C. Brumpton. Don't fail to be on hand. All goods offered will be sold. No reserve.

Springvale.

A large gathering of the friends and neighbors assembled at the home of Mr. J. Jarvis on Friday evening 10th inst., and presented Mr. A. J. Cole with a leather suit case and a token of their esteem and a remembrance of days gone by. Rev. Mr. James occupied the chair and after Mr. G. Patrick read a short address, Mr. Cole replied in a very effective manner. Before the presentation of the suit case, Mr. A. J. Cole presented a list of the old neighbors and short speeches were made by Mr. A. Trimble and Mr. Cole. Superb being the young folks indulged in a few games and all dispersed to their respective homes feeling that the evening had been well and pleasantly spent.

Convention of Creamery Managers at Red Deer.

(continued from page 4.)

Wednesday morning's session was given over mostly to practical work. There were some ten entries for the Richardson cup competition for butter scoring. McLean, of Innisfail, winning first.

In the afternoon, specimens of Mr. Sharmar's Jerseys, Mr. Trimble's Ayrshires, and Mr. Allen's Holsteins were shown and their different qualities and defects pointed out by Messrs. Craig, Geddes, and Clark. They were also judged by the class.

The second part of the afternoon meeting was held in the I.O.O.F. Hall, called to order at 5 o'clock.

Geo. Harcourt, Deputy Minister of Agriculture, gave an address on Dairying and Dairy Stock. Mr. Harcourt said he was glad to be present and have the opportunity to speak with so many representative men, all the creamery districts in the province being represented. These men in convention were laying a foundation of a work of great benefit to the people of the province. He was glad to see the interest taken in the stock judging school and in the butter scoring class. This was good experience and meant better work next year. Each worker here would become on his return home a missionary, moulding public opinion and stirring up the patrons to their share of the work. Better cows, better care of milk, patrons and butter makers working together. True co-operation would mean great success for the creameries.

By taking up the cow test at Chicago World's Fair he showed that the best cow made a profit of \$72 for the season and the poorest a profit of \$24, the cost of feed for the two animals was practically the same.

In connection with feeding, stabling was very important. Care and attention should be given every dairy cow.

There was a big leverage in developing the herd. If, as had been said, the bull was half the herd, then we ought to get the best that money, time and experience can buy. The farmers here did not pay enough for their bulls. They thought the price of a cow or two was all a bull was worth. Good bulls were most important in building up a herd.

The speaker would advise the directors or a few farmers in each district to club together and get in a good dairy pull.

Some discussion followed Mr.

Harcourt's speech.

Mr. Trimble said he came here to Red Deer, Alberta, 17 years ago, and he had stayed with the cow ever since, except for four years when he sold most of his herd and went to town to live, but he soon got back to the farm, started again with a few head, and now had the foundation for a good dairy herd of Ayrshires. It paid well. His cows this winter were worth 100 dollars a month to him. He fed green feed, oats and barlees barley. In the matter of feed he said he sowed oats on summer fallow, in July and when the grass dried up in the fall he turned his cattle out to that. This kept the flow of milk up to standard. Mr. Trimble said in his experience he found winter dairying ahead of summer dairying, he got better prices. It was an important thing to feed regularly and to milk regularly.

The evening session was well attended, and Hon. Mr. Finley called on G. W. Smith for a few remarks.

Mr. Smith said as a business man he could say he was heartily in sympathy with the great work the Department of Agriculture is doing. Business men realize the value of creameries to the country. Before the government creameries were established the business men were overloaded with a poor quality of dairy butter. Now instead of butter of all qualities coming from the farmers, the business men get the cream cheeses. This helps both the business man and the farmer.

The speaker said he had had 21 years' experience in Alberta and he thought this country was an ideal stock raising and dairying country. Money is to be made in dairying rather than in growing grain although we can grow the best grain in the world right here. Stock and Dairying is sure. Before the grain crop is frozen the cattle eat it and turn it into cash. As a stockman he could say one of the most important points of dairying is stabling. This matter unfortunately is much neglected. Farmers do not milk cows and freeze them around strawstacks. In the matter of feed he found that it paid to put all the feed into the cows that they will take. In conclusion he said this dairy business is yet only in its infancy.

PRESENTATION OF PRIZES.
The first prize to be awarded was the Cup presented by the Department of Agriculture for the best average scores during the season. The cup was won in 1907 by the Red Deer Creamery, operated by C. M. Stevenson. A gold medal accompanies the cup. The Creamery winning the cup twice is entitled to keep it. The following makers are entitled to silver medals: L. M. McLean, Innisfail; D. W. MacGregor, Blackfald; W. H. Morris, Wetaskiwin; J. A. Dangerford, Olds; A. Pederson, Everts; B. Latin, Contort; Fred H. Hunter, Didsbury; D. Markberg, Markerville. All the above scored over 92 per cent.

The next prize presented was for the best butter exhibited at the Convention. The Cup for this event was the "C. Richardson Challenge Cup" presented by Ellis and Crogan, Calgary.

L. M. McLean, Innisfail, was the winner of this cup. He gets the gold medal as well. D. Markberg, Markerville was second, and Mr. Gustafson, Ledou, third.

Votes of thanks were tendered to Messrs. Allan, Trimble and Sharmar for bringing in their cows for Stock Judging School, the cream and cheese gentlemen who had assisted in making the Convention a success, after which the meeting adjourned.

BAILIFF'S SALE.

NOTICE IS HEREBY GIVEN that the goods and chattels distrained for rent on the Eighth day of April, A.D. 1908 by me, Geo. Rothnie, as Bailiff, to Price & Co., the Landlord of the premises, of Frank J. COCKSHUTT SHOE DRILL

The Spring is getting late enough now, so you cannot afford to wait for your neighbor's drill. The man who gets his seed in first is the man who always has seed grain for sale. He also gets the first market, and in that way he makes enough in a few years to pay for the drill. As we have had very little snow this past winter, and Foster, the great prognosticator, claims a very dry spring, hence the necessity of a Drill, and one that will sow the grain even, and to any depth you wish. We have such a Drill, in three different makes, namely, Cockshutt, Deering and McCormick. There are none better; if there were we would have the agency. Come in; our terms and prices will surprise you.

LATIMER & BOTTERILL
